

SG00002914: Statement of Attainment in Care Sector (Dementia Support)

This course offers skills and strategies to help with communication, planning, developing activities and understanding changed behaviour in people living with dementia.

Target Group

Thinking of a career change or wanting to develop your skills in the Leisure, Disability (NDIS), Health, Community and Mental Health sectors? This unit of competency will give you the skills and knowledge required to build your team's expertise or upskill yourself. The COVID-19 pandemic has placed unprecedented strain on these sectors. Industry skills councils and employment statistics show that there is a rapid demand for these roles.

This skill set is for individuals entering the aged or disability sector and wanting to specialise and work with people living with dementia in a professional capacity. Candidates who complete this skill set will be equipped with the skills and knowledge required and learn how to.

- ✓ Prepare to provide support to those affected by dementia
- ✓ Provide person-centred care methodologies
- ✓ Use appropriate communication strategies
- ✓ Provide activities for maintenance of dignity, skills, and health
- ✓ Identify behaviours of concern and potential triggers
- ✓ Implement strategies which minimise the impact of behaviours of concern
- ✓ Understanding changed behaviour and developing effective responses
- ✓ Implementing self-care strategies and creating a supportive environment
- ✓ Complete documentation

*The skill set commencement and completion period is limited to the following dates:

- o Enrolment period 10/8/2021 -31/8/2021
- o Completion 30/9/2021

Core units (1)

CHCAGE005 Provide support to people living with Dementia

To achieve this course outcome, the candidate must have competently completed the 'Assessment Requirements' of the unit of competency. A Statement of Attainment will be supplied if successfully completed.
